What is Habitat's Home Buyer Program?

Habitat for Humanity serving Green Lake, Marquette, and Waushara Counties partners with qualified low-income individuals and families in one of the three counties to build new construction. Habitat extends a 0% interest mortgage loan to qualified applicants. Monthly mortgage payments include repayment to Habitat for the home (principal), as well as property taxes and homeowners' insurance (escrow).

What Are the Guidelines for The Home Buyer Program?

Applicants must demonstrate a **NEED** for adequate housing due to any of the following situations:

- Housing costs (rent = utilities) exceed 30% of gross monthly household income
- Housing is subsidized or transitional.
- Housing is structurally substandard, unsafe, or unhealthy.
- Housing is overcrowded.
- Housing is inaccessible or does not meet the needs of individual family members.

Applicants must be comfortable with a monthly mortgage payment of \$450 to \$800 (payments are determined by household income) and must have enough income through stable employment or other forms of permanent income to afford a home and all basic living expenses.

The application process is OPEN May 15–July 15, 2024.

In 2024, we will be breaking ground for a home.
